To you, the patrons of the Midlothian Public Schools, we dedicate the 1955 edition of the PANTHER SCREAM. Without you it would never have been possible to have opened the doors of this long awaited building, which is the last word in efficiency and convenience.

May we, the Midlothian students, thank you in this small way for making it possible.

# Time Was...

The Grammar School was built in the middle teens. The first floor was class rooms and the second floor served as an auditorium until Dell Mason Dees was built in 1920.

This building, used as a high school from 1906 until 1955, cost \$15,000. It had nine class rooms, an office, and a library.

In the spring of 1954 the foundation was laid for a \$180,000 building that would serve both grade school and high school students. The grammar school wing was finished in the fall and the high school section was ready for occupancy in January, 1955. This modern building is admired and enjoyed by every youth of Midlothian.

## *And Now*

## *The School Board*

The school board of Midlothian has always been a progressive group of men who have had the advancement of the Midlothian schools at heart. They have furnished the leadership needed to make our school system one of which we are proud. We are sure that during the new building program they had many problems, but as a result of their careful planning, we have one of the most modern buildings in this section of the country.

## *Our Superintendent*

Through intelligent planning and consistent effort, the sponsor of the PANTHER SCREAM, Mrs. Jack Reese, and her able staff have produced for us here a book which is attractive in design and comprehensive in scope.

Across the years, ex-students of Midlothian High School will return to these pages to revive pleasant memories, and to live over again some of the happiest moments of their lives.

To the seniors of 1955 we express warm appreciation and cordial good wishes. It is our sincere hope that your lives may be increasingly meaningful and abundant.

To all the students, faculty, and friends we express deep gratitude for the ways in which you have helped toward the achievement of the basic purposes of Midlothian High School.

With kindest personal regards and best wishes to everyone.

L. A. Mills

● Almost a quarter of a century has passed since USECO published its first school annual. As we review those pages of yesteryear, a pleasant thought comes to mind—on some tomorrow this, the nineteen hundred and fifty-five edition, will take its place in your heart as a pictorial history of the "good ole' days."

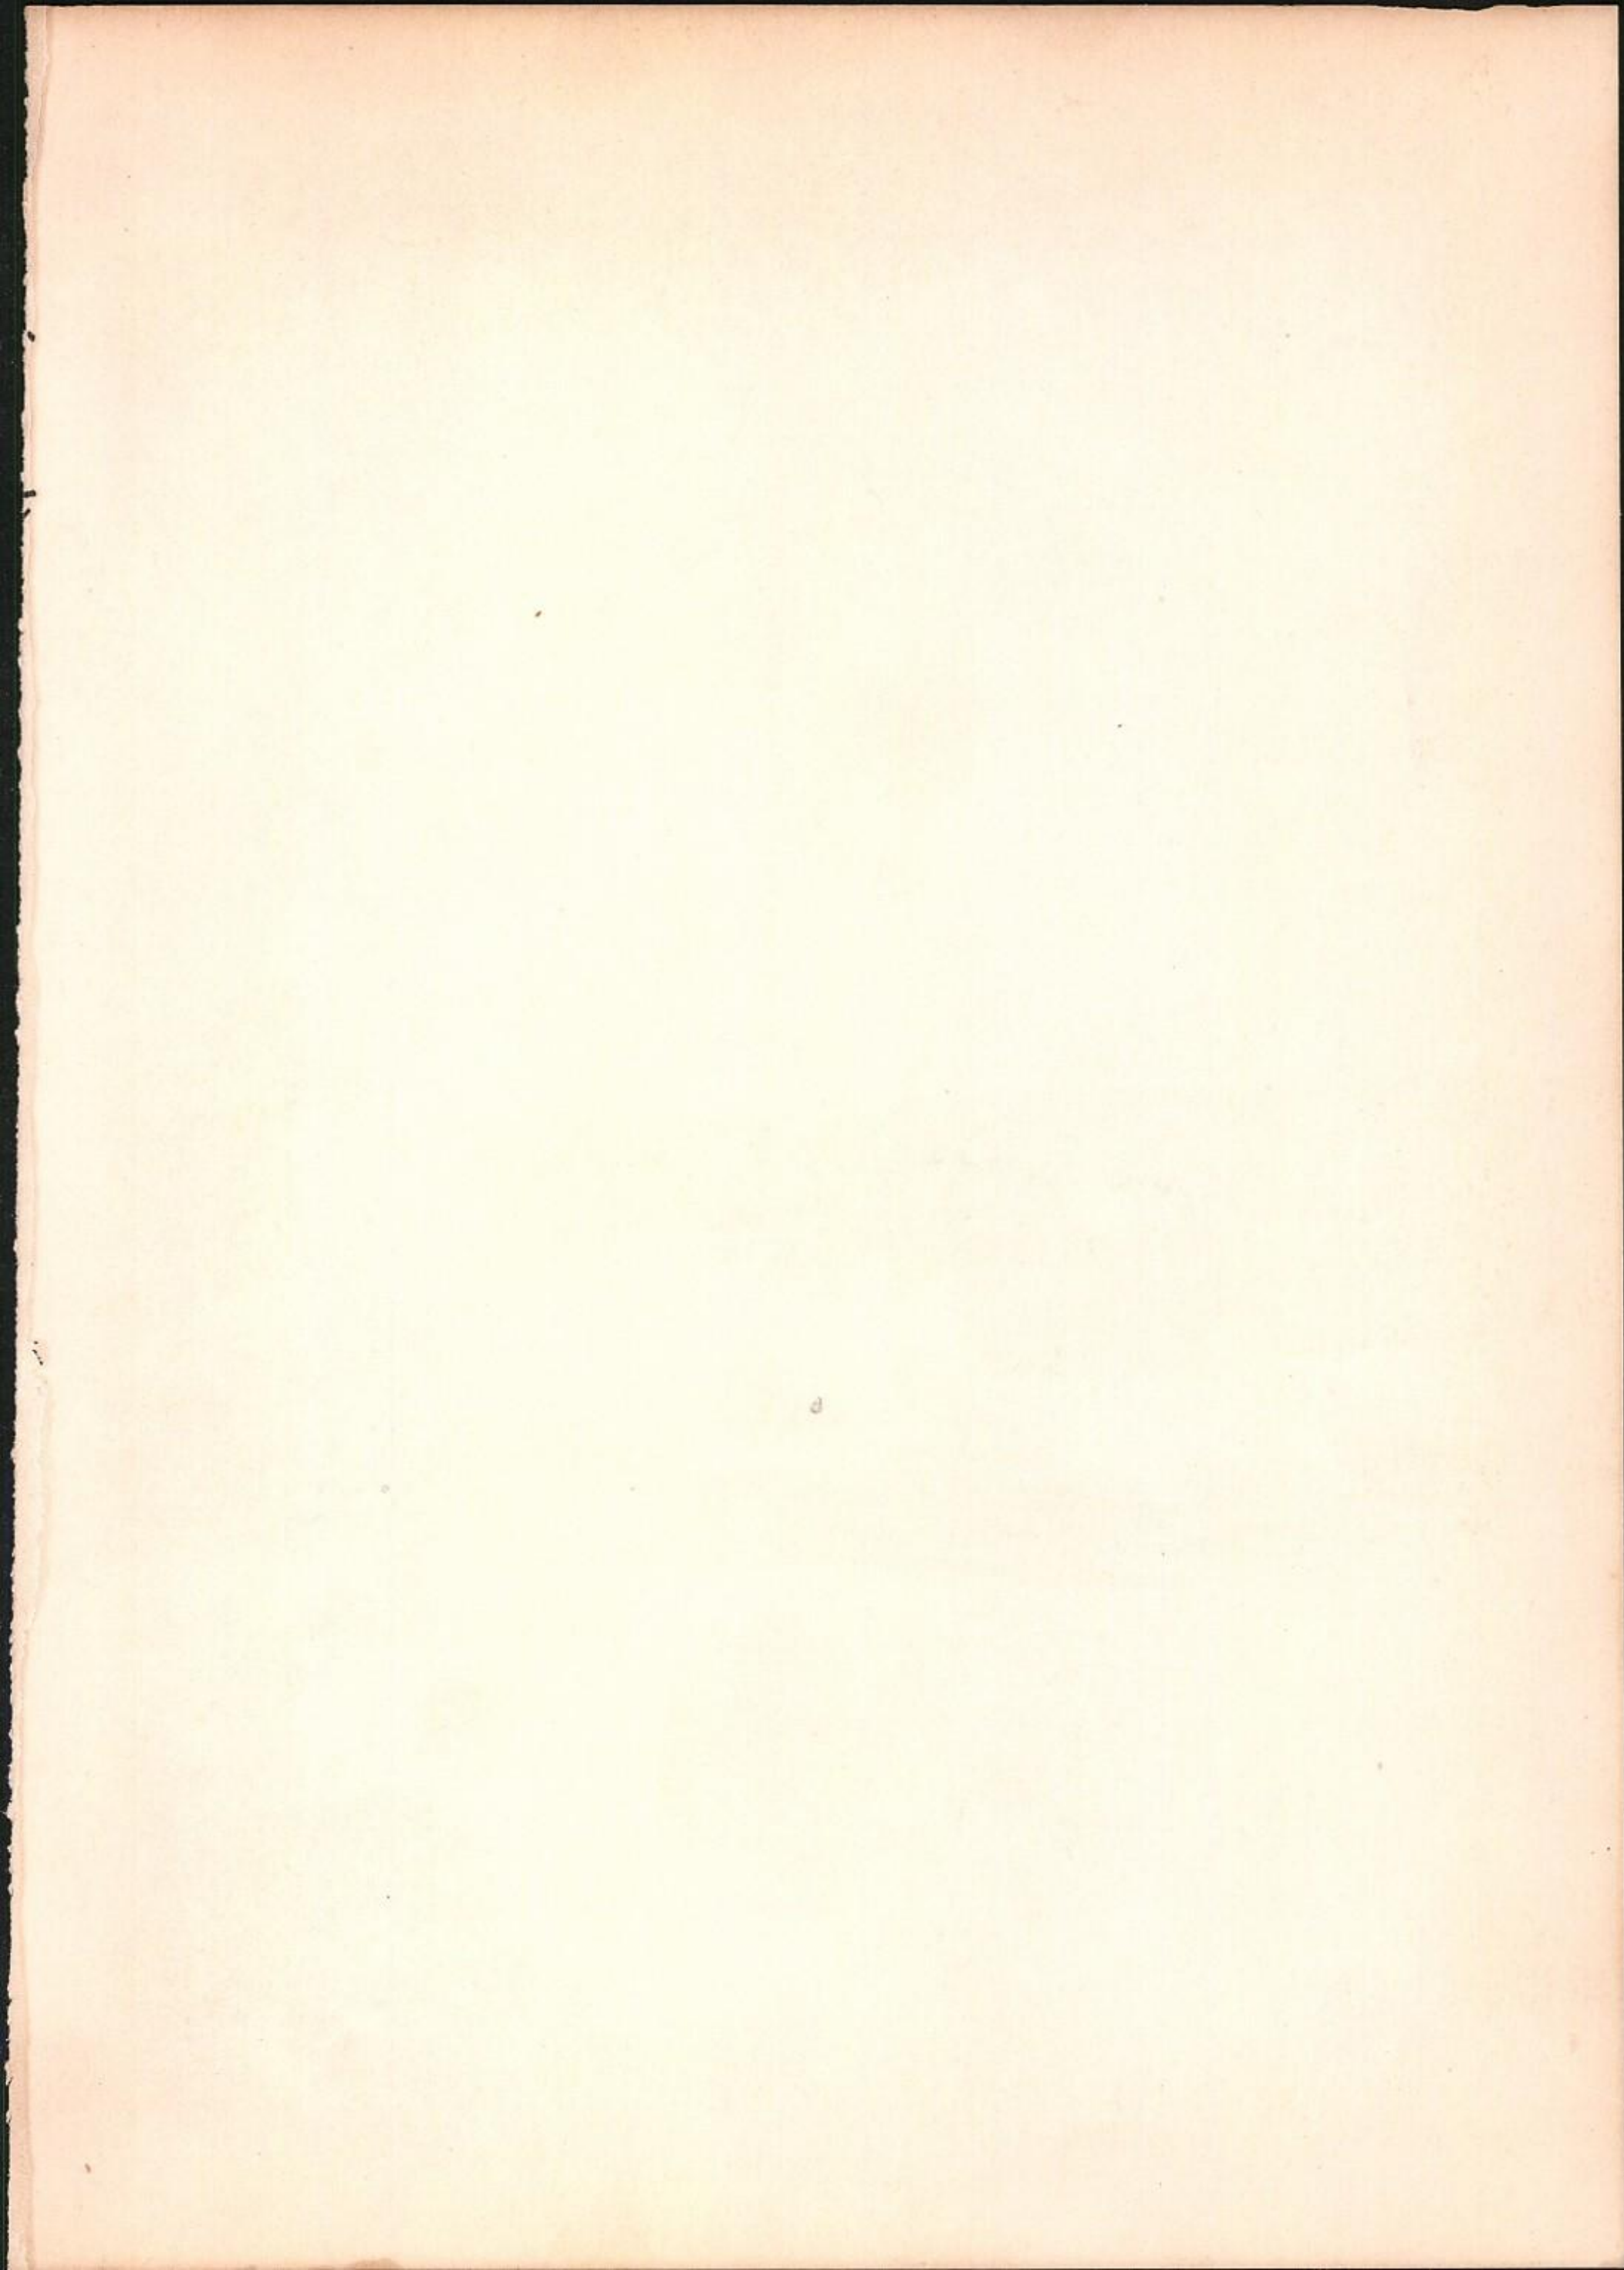

We know this book will increase in value with the passing of each year, and are honored to have played a part in recording it.
